Hello,

I spoke with Dan Rosenblatt yesterday, who provided an update on the current status and activities in OPP/RD.

We will have the Region 5 pre-SFIREG next week and, if possible, we would like to have someone call in to the discussion on May 9 at 10:40 am central time (Glyphosate and Glufosinate Tank Mix). Please confirm with me so that we can ensure the phone lines are open.

Thanks very much for your efforts and willingness to join our discussion.

Please let me know if you have any questions.

Margaret

Subject: Glyphosate discussion- follow up requested

Hi Reuben and Dan,

Below please find an email from Estrella Calvo on March 22. The Region 5 pre-SFIREG meeting will take place next week and we are hoping for an update on this topic and anything we can share with the states/tribes. Could you respond and let us know?

Thanks in advance and please let me know if you have any questions.

Margaret

~~~~~

From Estrella Calvo, March 22, 2019:  
Reuben,

On March 21, 2019, we discussed with OPP, OECA and OC concerns raised by the Ohio Department of Agriculture and the Minnesota Department of Agriculture; as well as Region 5's concerns regarding information being shared by BASF as it relates to the use of glyphosate on the new glyphosate resistant soybean, LLGT27. We were advised that OPP would consult its management and likely provide external communication on the subject in about 2-4 weeks.

Absent this external communication, the topic has now made its way on to the Region 5 Pre-SFIREG agenda. Our meeting is scheduled for May 8, 2019. Please provide us with a status update in advance of this meeting and if there is anything more we can share with our state partners. Thank you and I look forward to your reply.

Regards,  
*Estrella Calvo*
